Praise be to Allah the Noble One who has bestowed His grace upon us, the Great One who has subjected the necks of the mighty to Him, and I bear witness that there is not god but Allah alone and there is not partner ascribed to Him and a witness we hope as a survival from the Hereafter, and I bear witness that Muhammad is His lone messenger and His lone slave, may Allah's prayer be upon him and his family and his companions,

Thereafter:

To our Muslim brothers everywhere, and to our people in the Land of the Two Holy Places, may Allah's prayer and peace be upon you

This is the sixth episode from the episodes: "Sovereignty of the Best of Nations Is In the Uprising of the People of the Haram," which incites in them our dear people in the Arabian Peninsula on rising up against the criminal tyrants and rulers of the country, and strip them of their fictions, and which incites them to liberate the place of revelation from the Crusaders, and protect the Two Holy Mosques from the Safavids, and establish a complete and rightly-guided Islamic system, and spread justice, and simplify the Shura, and revive the jihad for the sake of Allah, and redistribute the riches of the country among the poor and the needy and the deserving, so that the sons of the country can live honorably and in strength in the shade of the Shariah of the Lords of the Worlds.

We had mentioned in the previous episodes that the change in the Land of the Two Holy Places would benefit the entire Ummah, Allah permitting, and that this change would be a main reason in the return of the Islamic Ummah to its glory and its luster and its sovereignty.

And we pointed out the danger of the creeping Rafidha extension toward the Two Holy Places, from the outside on several fronts and from the inside as well, versus the shameful inability of as Sa'ud in confronting them, but rather in confronting one group of them, then we concluded that as Sa'ud and his army was not eligible to defend the Two Holy Mosques.

It is incumbent upon our people in the Arabian Peninsula to prepare the equipment and materials, and prepare to protect the Two Holy Mosques from the Rafidhah Safavid (Shi'a), and to support their mujahidin brothers in Yemen the Land of Faith and Wisdom with money and men; Oh Muslim merchants.. this is a chance for he who wants to obtain the honour of preparing an army to protect the Two Holy Mosques, and oh young Muslims, go forth lightly and heavily to your mujahidin brothers in Yemen the Land of Faith, to prepare the equipment and gain the necessary experience from them, and they are a people of virtue, and a people of faith and wisdom, and loyalty and help, may Allah consider them such.

We also discussed in the previous episodes: about Abd al Aziz bin Sa'ud of the Third Saudi State, and its master and its misguided guider, and we clarified his relationship with the Ottoman State, which betrayed us and

broke its pledge of loyalty with us and fought it, and we mentioned his close relationship with Britain which he loved and said that it would not leave his mind until the Hour of Resurrection, then we discussed his relationship with the Muslim Brotherhood and its betrayal of them after its role was finished, and we mentioned his betrayal of the Palestinian Issue, and his acceptance of a State for the Jews on Palestinian land, and his standing in the face of Palestinian revolutions and aborting it, and we clarified also his excessive compassion on the Jews, and his harsh cruelty upon our people, the people of Palestine.

And today, by the will of Allah, our discussion is about the relationship of Abd al Aziz bin Sa'ud with America..

After all the close relationships, and the agreements which were between him and between Britain, this loyalty transformed from Britain to America with the end of the Second World War, after the British star faded, and the American star appeared in its place – and which is now on its path to decline by the grace of Allah, glorified and exalted is He, because of the strikes of the mujahidin – and the documents in this regard confirm a truth of this relationship; and in the famous meeting between Abd al Aziz and the American President Roosevelt and who was in Rabi'l al Awwal on the year 1364 H, corresponding to 14 February 1945, and who on the back of the American cruiser Quincy, Abd al Aziz and Roosevelt agreed to establish a relationship of dependence of the Saudi regime to America and transfer of allegiance of as Sa'ud from Britain to America.

In America State Department documents two reports of this interview were written by American delegate to the House of as Sa'ud William Eide, in which he mentions in one of them: "A very cordial relationship was established [between the two parties]. The King spoke as if he were the twin brother of the President for years in charge of the Presidency of the State ... and when Roosevelt gifted to Abd al Aziz a wheelchair, Abd al Aziz said with all gratitude that he would use it every day and I remember with all love the donator of the gift, my great good friend."

William Eide continues in his report and says: "Verily Ibn Sa'ud told him a number of times: "I did not meet anyone equal to the President in terms of his personality, and his wisdom, and his gentleness."

Also Abd al Aziz said to the Hafiz Sheikh: "Verily the most important event in my life is my meeting with President Roosevelt."

The meeting of Abd al Aziz with Roosevelt was not ordinary but rather was a dangerous and fateful meeting that dragged the Islamic Ummah into calamities and disasters; which resulted in the establishment of stronger relationships with America at the expense of Britain, and Ibn Sa'ud agreed to allow American ships, and in using ports of the Land of the Two Holy Places as a large American air base, and became a region for the American army for a period of five years, then returned after that to as Sa'ud with all the facilities built in it.

This was a dangerous step, the first beginning of the military crusader presence in the Land of the Two Holy Places since the dispatch within it of our prophet Muhammad, may Allah's prayers and peace be upon him, and Abd al Aziz was named as the Abu Rigal of the past century, the greatest traitor who has his name tied with this great treason.

Thus, Roosevelt and Ibn Sa'ud established the foundations of a Saudi-American relationship, which continues to this day, and which has caused the occupation of the Land of the Two Holy Places, and the entry of it by army units and battalions, and which participated in the killing of hundreds of thousands of Muslims in the region, and the wealth of the Islamic Ummah were looted; wealth whose numbers are astronomical and are not able to be counted except by Allah, glorified and exalted is He, and the reason for that is that Abd al Aziz as Sa'ud, who made this year bad for his children, and his grandchildren after him, and I wish for him a shameful history.

And what has preceded in this series? It is clear to us that three major powers of the world has existed during his era, and that he worked with them as follows:

As for the first: it is the Ottoman State, which betrayed it, and he broke his allegiance to it, and fought it.

As for the second: it is the Crusader British Empire, and he allied with it and loved it and ceded it for Palestine.

As for the third: it is the Crusader American Empire, and he allowed it to occupy the Land of the Two Holy Places.

Abd al Aziz became a traitor of the Ottoman State, and conceded Palestine, and agreed with the occupation of the Land of Two Holy Places, and the seller of the three mosques to the Crusaders, and we seek refuge in Allah.

Is this the founder of the State of Tawhid??

In conclusion: Abd al Aziz bin Sa'ud was the supreme leader of the ruling family, he betrayed Islam and the Muslims with unprecedented treachery, with allowing the first crusader military force to enter the Land of the Two Holy Places, and he conceded Palestine and Masjid al Aqsa, and fought the Ottoman State, and servient to the British Empire, then America, and loved them both an said about the second President? The disbelieving Crusader Roosevelt? That he is a twin brother, and a good friend, and had never met anyone like him in his life, and to have met him was one of the most important events in his life.

His sons and grandchildren still walk on the same path as their father.

And if the head of the house is a scorpion * the people of the house dance and drum**

And in conclusion/ I urge myself and the Muslims in the Land of the Two Holy Places especially with the following saying:

The messenger of Allah gave us lessons of the eternal faith

Of the infidels how many suffered and were not weakened

And to faith of supporters they suffered as he suffered

On the wood they have carried what they have done to us

For this religion has arisen the redemption of Islam killed us

They did not fear the fever of the tyrants and the Sultan was not pleased by them

Today we are not satisfied with changing the religion of scales

We obey Allah and we do not disobey and if kill then we bring glad tidings

The era of the disbelief is over and today victory has come true

Oh Allah, fix for us our religion which is the infallibility of our command, and fix for us our world which we live in, and fix for us our afterlife to which we are headed, and make the life for us better with all good things, and make death a rest for us from all evil.

Our Lord, forgive us .. and our parents.. and whoever has the right to pray for us .. and guide the Muslims.

And Allah is the master of His command but most people do not know

And our last prayer is praise be to Allah the Lord of the Worlds.
