Reports are being published regarding arrangement of a meeting about Afghanistan in Je Arabia.

Islamic Emirate wants to highlights some important points in regard with this meeting.

– Jihad against American invader forces in Afghanistan is a defensive struggle against inv which is obligatory as far as Islamic view is concern. Our all books of Fiqh (Jurisprudence) against invasion of infidels becomes obligatory on every man and women. This is a clear o almighty and is the faith of every believer.

– The ongoing Jihad in Afghanistan is not an inter-afghan battle or battle among Muslims 17 years ago when Americans invaded Afghanistan using aerial and ground force and thus nation launched Jihad against it. Since then the entire planning of war, the strategy and success is the responsibility of Americans. If it was an inter-afghan battle then the international community have spent a half-billion dollars in it, tens of thousands American troops would have not been wounded. Still the new strategy of this war is designed and implemented by American leadership its military budget is approved by the American Congress for further extension of this war nakedly seeing American airplanes, their unmanned aircraft and helicopters circulating over their troops on the ground. It will be far away from the truths, terming such matter as intervention in any other country of the world.

– Those who support American invaders in Afghanistan and fight against their religion, their national values and reinforced by Americans, their presence in invaders ranks cannot be a dispute. Because they are not independent, they have been imposed by Americans, they follow American strategy, initially this war was not launched against them, and they are puppets of the communist regime of Afghanistan in the time of Soviet Union, Which had no influence on them. There are clear commands of Allah almighty about sacred jihad against those who side with Muslims.

– The Islamic Emirate of Afghanistan is not a rebellious or terrorist group. But the Islamic name of the thirty million Afghani nation's struggle for demand of Islam and independence has deep roots in its nation. At the present there is its complete control over 70% geographical Afghanistan. Its goal is an independent Islamic system according to the desire of Afghan Islamic Emirate in the light of Sharia respects international law, good neighborhood, friendly relations and peaceful international environment for life and seeks positive relations with the world. It is vain and irrational to call a nation with meritorious history, terrorist and rebel. Nobody has the right and neither should anyone do it.

– In light of the above points if someone still declares the blatant command of Islam for President Donald Trump and his companions and calls Mujahid nation a terrorist and rebel, he will be complicit in invasion of American aggressors and abating of the weak Muslims. And Allah says: وَلَا تَرْكَبُوا إِلَى الَّذِينَ ظَلَمُوا فَتَمَسَّكُمُ النَّارُ وَمَا لَكُم مِّنْ دُونِ اللَّهِ مِنْ أَوْلِيَاءَ ثُمَّ لَا تُنصَرُونَ (113) هود And incline not toward those who do wrong, lest the Fire should touch you, and you have other than Allah, nor you would then be helped. (Chapter 11, Verse: 113) And the Messenger of Allah (peace and blessing of Allah be upon him) said: لَا إِلَهَ إِلَّا اللَّهُ لِيُقَوِّيهُ وَهُوَ يَعْلَمُ أَنَّهُ ظَالِمٌ ، فَقَدْ خَرَجَ مِنَ الْإِسْلَامِ. رواه البيهقي Whoever joins oppressor knowingly for supporting him, surely he is out of Islam. البيهقي

– The Afghan Mujahid nation do not expect the Saudi Arabia authorities and scholars that siding American invaders in this fight between Islam and disbelief. Our nation, due to Islamic faith hopes that Saudi government will help and support our weak nation in this arduous time in Jihad against Jihad of Soviet Union. Afghan Mujahid nation is still thankful to the Saudi Arabia for its support in Jihad against Soviet Union invasion.

– The Islamic conference should stand with ordinary Afghan and support our righteous struggle as it supported in Jihad against Soviet Union.

– At the end we assure our nation and Mujahideen that we believe in our Allah – the helper of the oppressed – who succeeded our Jihad against communism and English empire, made super powers and disposed their plots, will also fail and despised all the invaders under the leadership of our Islamic propaganda will not affect our legitimate struggle and our Jihad will reach the strand of success Inshallah. And this is an easy task for Allah, the Almighty.
