Tehreek e Taliban Pakistan’s mujahid Muhammad Abbas aka Farooq (may allah have mercy on him) on Wednesday night targeted police officers and other high ups with a martyrdom seeking attack in a five star Sarena hotel near highly sensitive area Sarena chock in Quetta.

In the attack Assistant commissioner revenue Quetta, Assistant commissioner Jafarabad and scores of other security officers were either killed or injured. Moreover dozen of vehicles were burnt and destroyed in the attack. All praise to Allah on that.

Martyrdom seeker mujahid have targeted security officers according to plan that confirmed the strong military leadership of Tehreek e Taliban Pakistan and its Intelligence might. However some napak army sponsored journos and other officers try to misguide the nation by childishly hiding information on the type of attack and its target in which they failed every time.
