Message of Felicitation of the Esteemed Amir-ul-Mumineen Sheikh-ul-Hadith Mawlawi Hibatullah Akhundzada (may Allah protect him) on the occasion of Eid-ul-Fitr

In the name of Allah, the Most Merciful, the Most Compassionate

All praise be to Allah. We praise Him and seek His help and forgiveness. And we also seek His refuge from the evils of our inner selves and from our wicked deeds. Whoever is guided by Allah, there is none to mislead him and whoever is left by Allah in error, there will be none as a guide for him (except Allah). I testify there is no god by Allah, alone is He and has no associate, and I testify that Muhammad is His Servant and Messenger, peace be upon him, his family and companions, and those who will follow them in righteousness till the Day of Judgment.

قال الله تعالى : يَا أَيُّهَا الَّذِينَ آمَنُوا إِن تَنصُرُوا اللَّهَ يَنصُرْكُمْ وَيُثَبِّتْ أَقْدَامَكُمْ (٧) سورة محمد

Allah (SwT) says: O you who believe! If you support Allah (His religion and Messenger), He will help you (in overcoming the enemy) and make your feet firm (during battle). [47:7]

To the believing Mujahid people of Afghanistan, vanguard Mujahideen and Muslims worldwide!

May peace, mercy and blessings of Allah be upon you all!

I extend my heartfelt felicitation to you all on this auspicious occasion of Eid-ul-Fitr. May Allah (SwT) accept from you your fasting, worship and supplications, Ameen.

– I am pleased that by the special grace of Allah (SwT), we are celebrating this Eid as our country is on the verge of attaining complete freedom and independence, and with the Divine Help of Allah (SwT), the hopes and aspirations of the martyrs, orphans, widows, displaced and suffering compatriots of the past twenty-year Jihad are near realization, Allah willing.

I beseech Allah (SwT) to accept the lengthy struggle, suffering and selfless sacrifices of our people and Mujahideen, and to substitute it with a peaceful, prosperous and sovereign life under the shade of a pure Islamic government, so, that we may develop our homeland, rehabilitate destruction of wars, heal wounds, comfort our nation and implement divine Shariah law.

– It is essential that we show our appreciation for the steadfastness and valor demonstrated by our persecuted nation and the selflessness and courage of our Mujahideen brethren, to praise and honor the sacrifices of our imprisoned, wounded, disabled, orphaned and suffering compatriots and to supplicate to Allah (SwT) for their acceptance.

Dear Compatriots!

The Victorious Force: An example of the military capabilities of the Islamic Emirate (<https://alemarahenglish.net/?p=45271>)
April 28, 2021

– Our homeland will be in dire need of reconstruction and self-sufficiency following independence. Come, let us together sincerely contribute to the redevelopment of our homeland so that we may have a prosperous and progressive country in the shade of an Islamic system.

Let us attain this end by moving away from self-interests and pursuit of power, by making Islamic values and national interests our guiding principles, and by rebuilding as a strong and unified nation through forgiveness, reconciliation and compassion towards one another.

– We assure the entire nation that following the end of occupation, we shall have an Afghan-inclusive Islamic system in which all people shall feel a sense of representation based on their abilities and skills, and none shall have their rights violated, Allah willing.

– I once again call on Afghans in the opposition ranks to end all attempts at continuing the war. This land is the shared home of all Afghans. We must unite upon Islamic injunctions and protect ourselves from all discord and prejudice. The arms of the Islamic Emirate are wide open for all Afghans that have previously stood in opposition to us. We are extending our hand of amnesty and affection, and inviting them to join the path of truth. Stubbornness, vindictiveness and enmity will not amount to anything, but conversely, nations attain honor and glory through tolerance, self-restraint and embracing the truth.

– We consider the withdrawal of forces by America and other foreign countries a good step and strongly urge that all parts of the Doha agreement be implemented. Unfortunately, the American side has so far violated the signed agreement repeatedly and caused enormous human and material loss to civilians.

– Contrary to commitments, the remaining prisoners that were set to be released three months after the launch of negotiations have yet to be freed and the names of officials of the Islamic Emirate yet to be removed from sanctions and rewards lists. And an additional recent violation is extension of the troop withdrawal date from the month of May to September. All this in spite of the fact that the Islamic Emirate has fulfilled all its commitments and kept its promises per Shariah law.

We once more emphasize on the need for moving matters forward in line with the Doha agreement and earnestly abstaining from further provocations and violations. If America again fails to live up to its commitments, then the world must bear witness and hold America accountable for all the consequences. The Islamic Emirate stands ready to protect the independence and sovereignty of its homeland at any cost as it has proven over the past two decades.

– The Islamic Emirate seeks cordial and positive relations based on mutual respect and good conduct with all neighboring, regional and world countries, and maintaining cooperative relations within the framework of Islamic principles in all the relative fields through human and diplomatic interactions for the prosperity and progress of our respective nations.

The Islamic Emirate assures all that none shall be harmed from the soil of Afghanistan, and likewise asks others to not interfere in the internal affairs of Afghanistan.

– We request the United Nations and other involved countries to maintain their complete neutrality in the issue of Afghanistan, and not exert efforts against the lives, beliefs, customs and ideals of the people of Afghanistan that could face a backlash from our people.

Worth noting that the past forty-three-year experience has demonstrated that our nation will not tolerate imposed ideals and beliefs by anyone. This nation has the right to live in accordance with its religious, doctrinal, moral and cultural norms, thus the world including the United Nations must acknowledge and respect this right.

– We prioritize negotiations and understanding, hence have dispatched a powerful negotiation team for these negotiations to move intra-Afghan negotiations forward. However, the Kabul administration has repeatedly tried to sabotage the ongoing political process through various means and continues to engage in such activity.

– The Islamic Emirate is a significant side in the case. Do not equate us to those whose decisions are made elsewhere and then communicated to them. Any political track related to solving the Afghan issue that expects participation from the Islamic Emirate must take the Islamic Emirate into confidence in advance so that we may assess the proposal in light of our religious values and higher national interests and make a final decision. That is because we value the lofty objectives of our people for which they have presented tremendous sacrifices.

– I hope that all noble scholars, intellectuals, political, national and influential figures join hands for the establishment of a pure Islamic system and development of their country, and working towards national unity, empowerment and self-sufficiency. The Islamic Emirate appreciates their hard work and efforts, values and desperately needs their expertise in the sustainment and strengthening of a future government.

The Islamic Emirate assures its entire nation especially traders and investors that not only will their lives, wealth and honor be protected, but they shall be provided with all the necessary opportunities and tools for their work and activities.

Commissions

– Territory under the control of Islamic Emirate has exceptional security where the rights of people are secured and none can oppress another, where thieves, robbers and corrupt elements are neutered, and where progress has been made in education, preaching, health, civil and cultural sectors and continues to remain the focus.

– The Islamic Emirate safeguards and supports all public projects, facilities and infrastructure, and strives to strengthen, grow and advance them. It directs all Mujahideen particularly and all countrymen generally to vigorously monitor, protect and take care of public installations, and not allow anyone to damage or destroy any such space.

– Education is paramount for future generations and for national prosperity, and a nation can only prosper with knowledge. The Islamic Emirate supports wholesome educational processes, and hence has assigned a special commission for this purpose with its chief mission being promotion of madrassas (religious schools), schools, universities and other learning institutes. The entire nation must pay particular attention to the healthy upbringing and literacy of their children, must safeguard and look after educational centers and institutions, and duly perform their duty in this regard.

– Civilian harm and loss of life in war is upsetting and regrettable. The Islamic Emirate has a distinct and authoritative commission for the prevention of civilian casualties. Mujahideen and fellow citizens must assist this commission comprehensively when, Allah forbid, civilians are harmed in a Jihadi operation, in compensating victims to the fullest extent and in preventing such occurrences in the future.

We similarly call on the opposition to withhold their hands from the killing, terrorizing and persecution of civilians.

It is distressing that civilians are still being killed and harmed in the raids, blind bombardments, artillery strikes and other attacks of the opposing side, which remains utterly unacceptable by any means.

– Mujahideen brethren must adopt a noble and gentle approach towards their fellow compatriots. This nation is weary and has suffered immensely. All must show them compassion. Do not transgress against or violate the rights of anyone anywhere. Even if someone has oppressed or transgressed against us, we must endure and overlook it for the sake of Allah (SwT), and we must increase our capacity of forbearance and respect for people in the greater interest of peace, security and unity of our homeland. Additionally, pay close attention to your personal actions – pray in congregation, safeguard yourselves from sins and make sure arrogance and hubris is not displayed on the threshold of victory. Rather it is important we humble ourselves in gratitude to Allah (SwT), turn to Him (SwT), supplicate for His (SwT) help and place our trust in Him (SwT) even further.

To end, I once again extend my felicitation to you all on this auspicious occasion of Eid-ul-Fitr. I urge the wealthy and well-off countrymen to assist their poor, orphaned, disabled and indigent compatriots in these blessed days and nights especially as the country is facing a drought and our people are grappling with a host of difficulties with the corona pandemic serving as another tragedy exacerbating the situation. Therefore, assist this desperate nation to the best of your abilities. Similarly, charitable foundations along with other humanitarian and international organizations must pay extra attention to helping and assisting people in every respect.
